

72 hours is a mainland standard, written for help that can drive to you. Help gets to Maui by ship or by plane, and Maui County splits it across three islands. **Hawaii sets a 14-day period. Thirty days is the target.**

Every line is a specification, not a brand. Prices and links follow in the ward bulletin, keyed to these item numbers.

120
gallons

1 GALLON · PER PERSON · PER DAY
FAMILY OF FOUR, 30 DAYS · ROUGHLY TWO
55-GAL DRUMS

LEVEL 0 DO THIS TODAY Costs nothing	LEVEL 1 START HERE 72 hours	LEVEL 2 ISLAND READY 14 days state standard → 30 recommended	LEVEL 3 INDEPENDENT You need nothing from anyone	LEVEL 4 ABLE TO HELP Renewable capacity — help without running out
---	-----------------------------------	--	--	--

YOUR TWO PACKAGES MUST STAND ALONE

A storm means the power is out and you shelter at home for a week. A fire means minutes of warning and you leave with what is already in the car. **Never solve a problem at home by taking something out of your go-bag.** Anything you need in both places, buy it twice.

- GO

Leaves with you — Level 1 in under 15 minutes, Level 2 if you have an hour

☐

The level an item enters at — it stays on the list above that

W	WATER
1 gallon per person per day	
W-0	Tap water in washed, sealed, food-grade bottles ☒ ☐ ☐ ☐ STAY
W-1	Stored drinking water, 1 gal per person per day, dated ☐ ☐ ☐ ☐ STAY
W-2	Filter bottle, 0.1-micron hollow fiber, per person ☐ ☐ ☐ ☐ GO STAY
W-9	Fillable water bladder, various gallon sizes and smaller size water containers, two gallons for to be able to take with you or keep at home. https://a.co/d/00VFuVck ☐ ☐ ☐ ☐ STAY
W-10	water filter straw ☐ ☐ ☐ ☐ GO STAY
W-3	Bathtub bladder liner, food-grade, 65–100 gal ☐ ☐ ☐ ☐ STAY
W-4	55-gal food-grade drum, siphon pump, bung wrench ☐ ☐ ☐ ☐ STAY
W-5	Gravity filter, 2–6 gal/hr, spare elements ☐ ☐ ☐ ☐ GO STAY SHARE
W-6	Unscented 5–6% bleach or treatment tablets, and a dropper ☐ ☐ ☐ ☐ STAY
W-11	Large water bladder ☐ ☐ ☐ ☐ GO STAY
W-7	Screened rain catchment, 200+ gal ☐ ☐ ☐ ☐ STAY SHARE
W-8	Filter rated in thousands of gallons ☐ ☐ ☐ ☐ STAY

After the Lahaina fire the water in the pipes was chemically contaminated. A camping filter does not remove that. Stored water is the answer, not just a filter.

P	POWER & CHARGING
What runs when the grid does not	
P-0	Charge every phone and battery bank at a watch ☐ ☐ ☐ ☐ GO STAY
P-1	Battery bank, 10,000+ mAh, with your phones' cables ☐ ☐ ☐ ☐ GO STAY
P-2	12V car charger or 150W inverter ☐ ☐ ☐ ☐ GO STAY
P-3	Rechargeable AA/AAA with charger, or sealed alkalines ☐ ☐ ☐ ☐ GO STAY
P-9	A 2in1 power bank that has a solar panel on cover ☐ ☐ ☐ ☐ GO STAY
P-4	Power station, 500–1,000 Wh, LiFePO4 ☐ ☐ ☐ ☐ STAY
P-5	Folding solar panel, 100–200 W ☐ ☐ ☐ ☐ GO STAY
P-8	Smaller solar power and solar power to go ☐ ☐ ☐ ☐ GO STAY
P-6	Home battery with backup-capable inverter ☐ ☐ ☐ ☐ STAY
P-7	Solar and battery sized past the house ☐ ☐ ☐ ☐ GO STAY SHARE
Rooftop solar shuts down in an outage unless you have a battery and a backup-capable inverter — ask your installer. Run a generator outdoors only, 20 ft from any window or door, with a battery CO detector inside.	

L	LIGHT
The first thing missed, the cheapest to fix	
L-0	Flashlight at the bedside, tonight ☐ ☐ ☐ ☐ STAY
L-1	Headlamp per person, with spare batteries ☐ ☐ ☐ ☐ GO STAY
L-2	Lantern, 300+ lumens, per room you will use ☐ ☐ ☐ ☐ STAY
L-6	Solar lanterns ☐ ☐ ☐ ☐ STAY
L-7	solar powered headlamps ☐ ☐ ☐ ☐ GO STAY
L-3	Solar string lights or solar lantern. No fuel. ☐ ☐ ☐ ☐ STAY SHARE
L-4	Light sticks for keiki ☐ ☐ ☐ ☐ GO STAY SHARE
L-5	Solar lighting that recharges daily ☐ ☐ ☐ ☐ STAY

F FOOD & COOKING

No-cook first, then a burner

F-0	Count the food already in the house. Write the days down.		STAY
F-1	No-cook food, 3 days: canned protein, nut butter, crackers		GO STAY
F-2	Manual can opener kept with the supplies. Three total.		GO STAY
F-3	Butane or propane single burner, 4 canisters		GO STAY
F-4	14–30 days of shelf-stable food per person, rotated		STAY
F-5	Food bars, 2,400+ kcal, 5-year, one per person		GO STAY
F-6	Mylar with oxygen absorbers or #10 cans: rice, beans, oats		STAY
F-7	Solar oven, or propane with a refill plan		STAY SHARE

The can opener is dedicated: it lives with the emergency supplies and never mixes with the kitchen one. Three total — kitchen, home kit, go-bag. Humidity is what ruins stored food here: sealed containers, off the concrete floor, rotated on a date you write down.

M MEDICAL & MEDICATIONS

First aid, prescriptions, masks

M-0	Photograph prescriptions and insurance cards		GO STAY
M-1	First aid kit, one at home and one in the bag		GO STAY
M-2	N95 respirators: a box at home, two per bag		GO STAY
M-3	Pain reliever, antihistamine, anti-diarrheal, electrolytes		GO STAY
M-4	14–30 day prescription buffer		GO STAY
M-8	Antibiotics		STAY
M-9	tourniquets, slings, braces, wraps		GO STAY
M-10	inhalers, oxygen tank		STAY
M-11	Antibiotic cream, especially. New person for staff. We have tons of this because we prescribed it so much with our kids and we never use it all.		STAY
M-13	auto hot packs		STAY
M-5	Spare glasses and hearing-aid batteries		GO STAY
M-12	add for first aid- steri strips, super glue, stiches kit		STAY
M-6	Cooler and ice for refrigerated medication		GO STAY
M-7	First aid training that does not expire		STAY

Wildfire smoke and post-fire ash are the respiratory hazard on this island. N95s are not a generic add-on. Ask your pharmacy about a vacation override for the prescription buffer, and make a power plan for every medical device.

C COMMUNICATION & INFORMATION

Assume the phone is a brick

C-0	Alerts, meeting place, out-of-state contact		GO STAY
C-1	Hand-crank or solar NOAA and AM/FM radio		GO STAY
C-2	Printed West Maui map, routes marked		GO STAY
C-3	Contact card per person, keiki included		GO STAY
C-4	Whistle per person		GO STAY
C-7	Flares		GO STAY
C-8	Satellite internet terminal		GO STAY
C-9	Mobile hotspot, so the phone is not the modem		GO STAY
C-5	FRS/GMRS radios on one family channel		GO STAY
C-6	Licensed GMRS or ham operator, with battery		GO STAY

D DOCUMENTS, CASH & IDENTITY

Card readers go down with the grid

D-0	Photograph every document to the cloud		GO STAY
D-1	Cash in small bills, \$100–300		GO STAY
D-2	Pouch: IDs, insurance, deed, certificates		GO STAY
D-6	fireproof document boxes		GO STAY
D-7	thermal laminated card with credit card numbers.		GO STAY
D-4	Fireproof, waterproof safe for originals		GO STAY
D-5	Home inventory: every room, drawers open		GO STAY
D-3	Encrypted USB drive with the same scans		GO STAY

Lahaina families lost every physical record they owned. The cloud copy is free and takes one afternoon.

T TOOLS, SAFETY & COMFORT

After it stops, and what makes two weeks bearable

T-0	Work gloves per adult		GO STAY
T-1	ABC fire extinguisher, kitchen and every floor		STAY
T-2	Battery CO detector by any generator or burner		STAY
T-3	Utility shutoff wrench at the meter		STAY
T-8	Glow sticks		GO STAY
T-9	Wearable glowsticks		GO STAY
T-11	Flint - fire start		GO STAY
T-12	solar fire start		GO STAY
T-13	electric lighter		GO STAY
T-16	axe		STAY
T-17	hatchet tool		GO STAY
T-18	car jack		GO STAY
T-19	small drill		GO STAY
T-4	Duct tape, tarp, paracord, multitool, zip ties		GO STAY
T-5	Battery fan, mosquito repellent, sunscreen, hats		STAY
T-10	Small smokeless fire pit		GO STAY
T-14	solar glow markers		GO STAY
T-20	small screw driver		GO STAY
T-21	small hammer		GO STAY
T-6	Chainsaw, fuel, bar oil, chaps, eye protection		STAY SHARE
T-7	Durable tools that get lent and come back		STAY SHARE

S SANITATION & HYGIENE

No water means no flushing on day one

S-0	Fill the cleaned tub when a watch is issued		STAY
S-2	Heavy trash bags, wipes, hand sanitizer, soap		GO STAY
S-3	Feminine supplies, diapers, formula		GO STAY
S-8	Pot for boiling water and small propane.		GO STAY
S-4	14 toilet bags per person, 30 at 30 days		GO STAY
S-5	Camp shower or wash basin, 5 gal set aside		STAY
S-6	Composting or self-contained toilet		STAY
S-7	Reusable sanitation and a stock of soap		STAY

An open tub is not a sealed container, so treat that water as wash and flush water. 60 gallons of wash water is 60 gallons of drinking water you do not spend.

E EVACUATION & MOBILITY

You leave with what is already in the car

E-0	Closed-toe shoes on the exit route		GO
E-1	Gas tank above half in storm and fire season		GO
E-2	Evacuation route agreed, and driven once		GO STAY
E-3	Go-bag per person. Carrier and food per animal.		GO
E-4	Keys, phone, wallet, glasses by the door		GO
E-5	Car kit: water, bars, shoes, first aid, blanket		GO
E-6	Keiki and kūpuna: formula, comfort, mobility		GO
E-7	Full tank and stabilized jerry cans		STAY

THE GO PACKAGE, ASSEMBLED

Pack against this list. The STAY package is the grid itself.

UNDER 15 MINUTES		Already packed. You carry it out.			
E-3	Go-bag, one per person	M-2	N95 respirators	C-3	Contact card
W-2	Filter bottle	P-1	Battery bank + cables	C-4	Whistle
L-1	Headlamp + spare batteries	D-1	Cash in small bills	T-0	Work gloves
F-2	Manual can opener	D-2	Document pouch	E-0	Closed-toe shoes
M-1	First aid kit	C-2	Printed map + offline maps	E-5	Car kit

IF YOU HAVE AN HOUR		Load the vehicle, in this order.			
F-5	Food bars, 2,400 kcal	C-5	FRS/GMRS radios		
M-5	Spare glasses, hearing-aid batteries	E-6	Keiki and kūpuna needs		
		T-4	Tape, tarp, paracord, multitool		

LEVEL 2 QUANTITIES

Same items as Level 1. More of them. Per household member.

ITEM	14 DAYS STATE	30 DAYS TARGET
Drinking water, per person	14 gal	30 gal
family of four	56 gal	120 gal
Shelf-stable food, per person	14 days	30 days
Prescriptions	14-day supply	30-day supply
Toilet bags, per person	14	30
Propane canisters, 1 lb	4	8

Do Level 0 this week. It costs nothing and it finishes in an afternoon. A household that can take care of itself can take care of someone else.

ITEM NUMBERS W-0 ... T-7 ARE PERMANENT. THE PURCHASE LIST USES THE SAME NUMBERS · WARD BULLETIN, THIS WEEK.
